

Contour Orbit-Drive

Taking patient transport to a new level in carer welfare with zero effort, 4-way power drive.

Key Benefits

- Forward, back and sideways powered drive
- Intuitive height adjustable controls with emergency stop
- Powerful electric drive centre steer wheel

Product Code

- MPT-CA-EDU

Why Buy

Take all the human effort out of pushing and jostling stretchers with an intuitive and intelligent drive system designed for easy use by any operator. Natural movement controls the speed and direction of the stretcher with the ability to stop very quickly by pulling back.

Help prevent the most common carer strain injuries by taking the back twist out of moving a stretcher forwards, backwards and sideways. Importantly, we haven't overlooked safety features such as emergency stop and system lock out, which are standard. Add this system to our traditional vertical column stretcher designs such as Contour Barituff, Classic, Deluxe and Multi-X to improve both standard and Bariatric patient transport.
