# Contour Jazz

An Australian made transport and recovery stretcher that's a joy to use and designed for supreme patient safety and comfort.

## Key Benefits

**Smooth and steady:** An advanced E-Point steering system and solid, perfectly centred steer wheel ensure the stretcher accurately tracks and turns, while maintaining a strong grip with the floor.

**Safety and support:** The ultra-low 400mm height makes it safer and easier for patients to get on and off – no need for step stools or unnecessary heavy lifting.

**Effortless control:** Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

**Bright and light:** Available in a choice of four fun and colourful themes to brighten their day (and yours).

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for: Emergency, Theatre & Day Surgery.

## Why Buy?

Keeping patients safe, secure, and comfortable has never been easier with the Contour Jazz transport and recovery stretcher. With full, touch button electronic control and innovative E-Point steering system, the stretcher offers a smooth ride for patients and the kind of ease of operation and manoeuvrability that every caring professional craves.

The Contour Jazz has been expertly designed to ensure you'll never miss a beat in even the most challenging environment or circumstances. Featuring a fast-action CPR backrest release, strong grip with the floor and an ultra-low height range that allows the mattress base down to 400mm. That's lower than a standard office chair height! Available in a range of colours and themes.

# Contour Jazz

Ready for a range of accessories

## Ultra-low height

Very safe and easy for patients to get on and off. The 400mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

# Contour Exami

An economical, customisable, easy to move examination table available with or without dropsides.

## Key Benefits

**Safe & low:** The 400mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting.

**Excellent height:** Electrically adjust the patient height up to 930mm helps to examine or treat your patient without having to stoop over, ensuring easy access and less stress.

**Comfortable:** 100mm fluid proof Protran mattress with a welded, pressure relieving cover.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for medical clinics, examination rooms, schools, prisons & mining sites.

## Why Buy?

This patient platform is typically used in a wide range of areas such as medical clinics, examination rooms, schools, prisons and mining sites. Helping patients on and off an examination table is easy and safe with a design that allows the mattress platform down to 400mm, lower than a standard office chair height!

Uniquely, these stretcher examination tables are designed to be easily moved around and re-positioned due to their light-weight build and large castors. There are a range of accessories and customisations available to ensure the unit is designed to be priced and configured best to practically fit into your modern facility.

# Contour Exami

## Without dropsides

If you require a patient examination table, then this is worth considering. The standard Contour Exami without dropsides gives all the same functionality as an examination table, however has the additional value of colour choices and accessory mounting, while being very easy to move and reposition as required.

## Excellent high height

Don't strain your back, raise a patient up to your best working height. Lifting the platform height up to 830mm (plus an extra 100mm for the mattress pad thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release option available.

## Dropside, cover, colour options

Upgrades such as wider top, dropsides, base cover, colours and accessories. This is a very flexible platform with excellent customisation available. Change the standard Contour Exami from a basic examination table into an economy patient stretcher.

## Ultra-low height

Make it easier and safer for patients to get on and off. The 400mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

## 15 degree head and foot tilt

A generous 15 degrees top tilt both directions. Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## Go anywhere

Change from the standard 125mm twin to 175mm single castors for situations such as outdoor. If there is a requirement to wheel over rougher concrete, sand or grass terrains, this option gives larger diameter rubber wheels with 50mm extra ground clearance under the stretcher.

## Specifications

**Overall Size:** 2135 x 815mm (965mm wide option).

**Patient Surface:** 1900 x 680mm (830mm wide option).

**Height Range:** 400 - 830mm.

**SWL:** 300kg.

**Castor Size:** 125mm twin wheel castors, 4 brakes and 1 steer.

**Includes:** 100mm Protran mattress, electric backrest that raises to 85 degrees, standard main power electric operation.

**Options:** dropsides, base cover, battery back-up with cable retractor, larger castors and 7 endrail colours.

## Product Codes

# Contour Portare

An all-purpose electric transport and recovery stretcher with excellent low height.

## Key Benefits

**Safer solution:** The 400mm low platform height of this stretcher takes away the requirement to use step stools or unnecessary heavy lifting.

**Effortless control:** Sit and position your patient comfortably and then raise and lower them to the desired work height with the touch of a button.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Transfer trolley suitable for most medical departments.

## Why Buy?

Helping patients on and off this general purpose trolley has never been so easy or safe with a design that allows the mattress base down to our record breaking 400mm, lower than a standard office chair height!

Transport must always be considered and with our new E-Point system, a strong grip with the floor and solid, perfectly centered steer wheel ensures the stretcher always accurately tracks and turns. We bring Modsel stretcher design into departments areas such as emergency, theatre and day surgery helping to maximise the number of working units available.

# Contour Portare

## Ultra-low height

Very safe and easy for patients to get on and off.

The 400mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

## 15 degree head / foot down tilt

A generous 15 degrees top tilt both directions.

Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## E-Point steering

A perfectly centred steer wheel ensures the trolley always accurately tracks and turns.

Operated by a very light touch pedal action, this wheel positively pre-loads onto the floor to ensure strong grip and rides up and down effortlessly over bumps and hollows to keep traction. Turning left or right from either end gives the same steering result.

## Excellent high height

Preserve your back and raise a patient up to your best working height.

Lifting the platform height up to 830mm (plus up to 100mm mattress thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

## Easy customisation

Increase top width, change colours, mattress and dropside styles.

Whether it is a specialised medical clinic or a department in a large hospital, every single customer has their own unique requirements to be able to function safely and efficiently. This stretcher has a longer, 7 riser PVC upgrade dropside.

## Specifications

**Overall Size:** 2135 x 815mm (965mm wide option).

**Patient Surface:** 1900 x 680mm (830mm wide option).

**Height Range:** 400 - 830mm.

**SWL:** 300kg.

**Castor Size:** 150mm twin wheel castors.

**Package Includes:** 100mm premia mattress, folding IV, vertical oxy, foot endboard, drop down push handles, emergency CPR backrest release, 2nd handset & USB port.

## Product Code

MPT-C-PE2-P

150mm Wider Top; MPT-CA-WCT

# Contour Classic

The most flexible platform available for a transport trolley.

## Key Benefits

**Customisable design:** Choose from a variety of dropside options and electric or hydraulic versions available.

**Effortless control:** Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Day Surgery, Recovery, Transit Lounge & Cardiac.

## Why Buy?

The most flexible platform of all our trolley range. The twin column design allows for multiple height range choices - build in low heights for patient egress care or high heights for better surgeon access and less strain during procedures.

Tailor make the Contour Classic with shorter, longer, narrower and wider top sizes and select from a range of dropside styles to suit specialised procedures or the patient type you are working with. To simply put it, there is a high level of customisation possible with many accessory mounting options and solutions.

# Contour Classic

## Hydraulic option

Non-powered, manually operated trolley option.

In some cases, such as small or remote facilities, or large high pressure departments, hydraulically operated trolleys may be more beneficial, with simple mechanical servicing and without the requirement of regular charging or power cords.

## Excellent high height

Preserve your back and raise a patient up to your best working height. Lifting the platform height up to 830mm (plus an extra 100mm for the mattress pad thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

## Easy customisation

Increase top width, change colours, mattress and dropside styles. Whether it is a specialised medical clinic or a department in a large hospital, every single customer has their own unique requirements to be able to function safely and efficiently. This stretcher has a longer, 7 riser PVC upgrade dropside.

## Ultra-low height

Very safe and easy for patients to get on and off. The 400mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

## Head and foot tilt

A generous 15 degrees top tilt both directions. Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## Specifications

**Overall Size:** 2135 x 815mm (705mm narrow & 965mm wide options).

**Patient Surface:** 1900 x 680mm (570mm narrow & 830mm wide options).

**Electric Height Ranges:** 440 - 810mm (std) up to 540 - 910mm.

**Hydraulic Height Range:** 525 - 850mm.

**SWL:** 300kg.

**Castor Size:** 200mm castors and Ezi-Trak 5th wheel steering.

**Electric Package Includes:** 100mm premia mattress, folding IV, vertical oxy, dropdown footboard, drop down push handles, 2nd handset & USB port.

**Hydraulic Package Includes:** 100mm premia mattress, folding IV, vertical oxy, dropdown footboard & drop down push handles.

# Contour Barituff

Our 500kg SWL, extra-wide, electric trolley designed for Bariatric patients.

## Key Benefits

**Purpose built:** Increased componentry strength in the core frame design operates with higher capacity columns to safely lift 500kg without overload.

**Effortless control:** Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Day Surgery, ED, General Ward & Bariatric Care.

## Why Buy?

Having equipment that is robust enough, that you can completely rely on, is the greatest challenge when caring for Bariatric patients. The Contour Barituff has increased componentry strength in the core frame design and operates with higher capacity columns to safely lift 500kg without overload.

The stronger and wider top comfortably caters for large patients, with a choice of mattress styles available to suit the type of departmental use. Stretcher stability is assured through an increased base size. The unique [Contour Orbit-Drive powered drive system](#) and weigh scales genuinely reduce manual handling risks to the carer. This stretcher has been built for Bariatric patients.

# Contour Barituff

## Ultra-low height

Very safe and easy for patients to get on and off. The 470mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

## Head and foot tilt

A generous 15 degrees top tilt both directions. Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## Excellent high height

Preserve your back and raise a patient up to your best working height. Lifting the platform height up to 850mm (plus an extra 100mm for the mattress pad thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

## Easy customisation

Increase top width, change colours, mattress and dropside styles. Whether it is a specialised medical clinic or a department in a large hospital, every single customer has their own unique requirements to be able to function safely and efficiently. This stretcher has a longer, 7 riser PVC upgrade dropside.

## Specifications

**Overall Size:** 2135 x 1100mm.

**Patient Surface:** 1900 x 980mm.

**Mattress Size:** 110mm and 150mm thick bariatric mattress options.

**Height Range:** 470 - 850mm.

**SWL:** 500kg.

**Castor Size:** 150mm twin wheel castors.

**Package Includes:** 110mm premia mattress, folding IV, vertical oxy, weigh scales, orbit drive, emergency CPR backrest release, 2nd handset & USB port.

## Product Code

MPT-C-BE-P

# Contour Deluxe

A transport trolley with glide away dropsides for zero transfer gap.

## Key Benefits

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Day Surgery, Recovery, Transit Lounge & Cardiac.

## Why Buy?

Safely transfer patients with a zero transfer gap created by siderails that glide down under the top, leaving no obstruction on the side of the stretcher. Gas assistance ensures they are always light and easy for the operator and there is quick access with release catches on both ends.

Provide a greater level of support with these extra length siderails featuring horizontal bars and reduced gaps. Built for a lifetime, the fully welded and polished stainless steel construction leaves no risk of coatings to chip and rust, creating infection hazards or strength reduction.

# Contour Deluxe

## Hydraulic option

Non-powered, manually operated trolley option.

In some cases, such as small or remote facilities, or large high pressure departments, hydraulically operated trolleys may be more beneficial, with simple mechanical servicing and without the requirement of regular charging or power cords.

## Excellent high height

Preserve your back and raise a patient up to your best working height. Lifting the platform height up to 830mm (plus an extra 100mm for the mattress pad thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

# Contour Heli-Transfer

An essential trolley designed to assist with patient transportation outdoors.

## Key Benefits

**Smooth and steady:** An advanced E-Point steering system and solid, perfectly centred steer wheel ensure the stretcher accurately tracks and turns, while maintaining a strong grip with the floor.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for patient transfers.

## Why Buy?

Safely and easily move a helicopter trolley across onto this transfer stretcher, a platform designed to minimise effort whilst transporting patients over rougher outdoor surfaces. After benefiting from the smooth, flat bridge that lines up with the helicopter door, rapidly fasten the helicopter stretcher securely down with the four quick pull straps.

Reduce the trauma to patients and babies in cribs and the workload for carer's whilst transferring via the large diameter castors and very stable stretcher.

# Contour Heli-Transfer

## Hydraulic option

Non-powered, manually operated trolley option.

In some cases, such as small or remote facilities, or large high pressure departments, hydraulically operated trolleys may be more beneficial, with simple mechanical servicing and without the requirement of regular charging or power cords.

## Electric & Orbit Power Drive Upgrade

Powered, orbit power drive operated trolley option.

## RACQ Life Flight

Built in backrest with a special thin high density mattress and split dropsides.

## Westpac

6 riser dopside and rubberised outdoor castor wheels.

## Specifications

**Overall Size:** 2135 x 815mm (705mm narrow & 965mm wide options).

**Patient Surface:** 1900 x 700mm (590mm narrow & 850mm wide options).

**Electric Height Ranges:** 550 - 920mm.

**Hydraulic Height Ranges:** 530 - 860mm.

**SWL:** 300kg.

**Castor Size:** 200mm rubberised castors for outdoor shock absorption.

**Package Includes:** tie down straps, orbit drive, all-terrain castors, flat stretcher top with tie down straps and gap bridge, fully customised top surface option to suit special purpose & comes standard without backrest.

**Options:** Can be supplied with or without dropsides, emergency CPR backrest available.

## Product Code

Electric Package - MPT-C-HE-P

Hydraulic - MPT-C-HH

# Contour Portare-X

An ultra-low electric trauma trolley with totally unobstructed x-ray tunnel.

## Key Benefits

**Unobstructed x-rays:** Supported by just four outside corners, our unique x-ray system gives total freedom of movement for cassettes - even with an electric backrest.

**Safe & low:** The 430mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting.

**Smooth & steady:** Operated by a very light touch pedal action, this wheel positively pre-loads onto the floor to ensure strong grip and rides up and down effortlessly over bumps and hollows to keep traction.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for ED & Imaging.

## Why Buy?

Helping patients on and off a trauma trolley is safer and easier when the bed can be lowered down to 430mm, around the standard office chair height! This trolley can feature our unique InfineX\* system which allows totally unobstructed head to toe clearance for effortless and efficient x-ray cassette positioning.

Smoothly moving patients helps improve their experience and our E-Point steering delivers a strong grip to the floor with a solid, perfectly centred wheel allows the trolley to always accurately track and turn. The Modsel x-ray stretchers are designed to be a reliable, cost effective performer, no matter what the shift brings.

\*Patent pending

# Contour Portare-X

## Unobstructed x-ray tunnel

100% x-ray clearance of the entire body. Supported by just the four outside corners, our unique patented InfineX system gives total freedom of movement for x-ray cassettes - even with an electric backrest! There are two styles available, another that allows the backrest to raise separately to the lower cassette support surface.

## Excellent high height

Quickly raise a patient up to the best working height. Lifting the platform height up to 880mm helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

## Easy customisation

Increase top width, change colours, mattress and dropside styles. Every trauma department has their own unique requirements to be able to function safely and efficiently.

## Cassette holder options

Holders can be produced with single or double sided handles and any depth or shaped rebates to suit all of the unique cassette sizes in use today

## Ultra-low height

Safer and easier for unwell patients to get on and off. The 430mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

## 15 degree head / foot tilt

A generous 15 degrees top tilt both directions. Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## E-Point Steering

A perfectly centred steer wheel ensures the stretcher always accurately tracks and turns. Operated by a very light touch pedal action, this wheel positively pre-loads onto the floor to ensure strong grip and rides up and down effortlessly over bumps and hollows to keep traction. Turning left or right from either end gives the same steering result.

## Specifications

**Overall Size:** 2135 x 815mm (965mm wide option).

**Patient Surface:** 1900 x 680mm (830mm wide option).

**Height Range:** 430 - 880mm.

**SWL:** 300kg.

**Castor Size:** 150mm twin wheel castors.

**Package Includes:** 100mm premia mattress, folding IV, vertical oxy, foot endboard, emergency CPR backrest release, E-Point steering system, drop down push handles, 2nd handset & USB port.

**Options:** Unique InfineX x-ray system option.

**Overall Size:** 2135 x 1100mm.

**Patient Surface:** 1900 x 980mm.

**Mattress Size:** 110mm and 150mm thick bariatric mattress options.

**Height Range:** 600 - 980mm.

**SWL:** 500kg.

**Castor Size:** 150mm twin wheel castors.

**Package Includes:** 110mm Premia Bariatric mattress, folding IV, weigh scales, vertical oxy, orbit drive, 2nd handset & USB port

## Product Code

MPT-C-BEX-P

# Contour Endosurge

The endoscopy trolley with quick and easy patient positioning.

## Key Benefits

**Smooth and steady:** An advanced E-Point steering system and solid, perfectly centred steer wheel ensure the stretcher accurately tracks and turns, while maintaining a strong grip with the floor.

**Effortless control:** Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Endoscopy / Colonoscopy & Pain Management

## Why Buy?

Take away the effort of re-positioning a heavy C-Arm X-Ray camera. For quick and easy movement of the patient, unlock the trolley top and slide it a generous distance back or forwards.

Our aim is to provide more freedom and take strain off your backs. The cutaway base cover allows more clearance for the camera under the stretcher whilst bringing it closer to the floor for a lower working height.

# Contour Endosurge

## Endosurge sliding top

Unlock and move the top 140mm towards the head end from centre position.

Release the top lock and easily slide the trolley top back or forwards to position your patient without having to significantly move the heavy C-arm imaging camera.

## Endosurge sliding top

Unlock and move the top 260mm towards the foot end from the centre position.

Release the top lock and easily slide the trolley top back or forwards to position your patient without having to significantly move the heavy C-arm imaging camera.

## Hydraulic option

Non-powered, manually operated trolley option.

In some cases, such as small or remote facilities, or large high pressure departments, hydraulically operated trolleys may be more beneficial, with simple mechanical servicing and without the requirement of regular charging or power cords.

## Specifications

**Overall Size:** 2135 x 815mm (705mm narrow & 965mm wide options).

**Patient Surface:** 1900 x 680mm (570mm narrow & 830mm wide options).

**Electric Height Ranges:** 570 - 940mm.

**Hydraulic Height Ranges:** 630 - 960mm.

**SWL:** 300kg.

**Castor Size:** 200mm castors and Ezi-Trak 5th wheel steering.

**Sliding Top:** 400mm slide; 140mm to head and 260mm to foot from centre.

**Electric Package Includes:** 100mm premia mattress, folding IV, vertical oxy, dropdown footboard, drop down push handles, emergency CPR backrest release, split dropsides, 2nd handset & USB port.

**Hydraulic Package Includes:** 100mm premia mattress, folding IV, vertical oxy, dropdown footboard, drop down push handles & split dropsides.

**Options:** Split dropside option (shown) and mid-position catch upgrades.

## Product Code

Contour Endosurge Electric - MPT-C-EE-P

Contour Endosurge Hydraulic - MPT-C-EH-P

# Contour Endo-X

Our endoscopy trolley with total freedom of camera movement.

## Key Benefits

**Optimal design:** Increased column spacing with left or right hand chassis.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Endoscopy & Imaging.

## Why Buy?

An increased distance between the lifting columns of this trolley allows excellent coverage with the C-Arm X-Ray camera, avoiding the risks of re-positioning and moving patients during procedures.

Complete freedom of movement is also facilitated by the single rear bar joining the stretcher base, which creates ample space for the camera and leaves no restriction to the working height required by staff.

# Contour Endo-X

Base option

Ultra-low height

Very safe and easy for patients to get on and off. The 400mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

Excellent high height

Preserve your back and raise a patient up to your best working height. Lifting the platform height up to 830mm (plus an extra 100mm for the mattress pad thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

Head and foot tilt

A generous 15 degrees top tilt both directions. Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

Easy customisation

Increase top width, change colours, mattress and dropside styles. Whether it is a specialised medical clinic or a department in a large hospital, every single customer has their own unique requirements to be able to function safely and efficiently. This stretcher has a longer, 7 riser PVC upgrade dropside.

## Specifications

**Overall Size:** 2135 x 815mm (705mm narrow & 965mm wide options).

**Patient Surface:** 1900 x 680mm (570mm narrow & 830mm wide options).

**Height Range:** 570 - 940mm.

**SWL:** 300kg.

**Castor Size:** 200mm large bearing castors.

**Package Includes:** 100mm premia mattress, folding IV, dropdown footboard, vertical oxy, split dropsides, emergency CPR backrest release, C-shaped base for maximum camera clearance, 2nd handset & USB port.

**Options:** Split dropside option (shown) and mid-position catch upgrades.

## Product Code

MPT-C-EX-P

# Contour E-Vertex

A fully electric stretcher with touch control adjustable headrest for ease of use, access and superior stability.

## Key Benefits

**Full flexibility:** The infinitely adjustable headrest up and down tilt and excellent raise height allows the surgeon to place a patient in exactly the right position.

**Safety and support:** The compact, rigid locking headrest with increased leg clearance brings patients close and keeps them stable while minimising surgeon neck and back strain.

**Comfort and control:** Instantly increase patient comfort and enhance access with one-touch, electronic control of the scalloped or flat cushioned headrest.

**Slim and clean:** The ultra-thin design hides all mechanical operation and has a one-piece, gap-free top surface for ease of cleaning and infection control.

## Application

Ideal for Eye, ENT, plastics and dental care.

## Why Buy?

We know precision care requires 100% confidence in the equipment being used. That's why the Contour E-Vertex combines state-of-the-art technology and ergonomic design to deliver exceptional support for the performance of procedures requiring close patient proximity, control for the practitioner and patient comfort.

The slimline design of this extremely stable, rigid locking headrest provides excellent leg clearance – bringing the patient closer. While the touch button electronic positioning system\* allows a surgeon or their support team to quickly, safely and precisely position a patient's head. [Also available as a procedure chair, see the Contour Recline E-Vertex here.](#) \*International patents pending.

# Contour E-Vertex

## Slim and clean

The ultra thin design safely hides all mechanical operation and has a one-piece, gap free top surface for easy cleaning.

## Effortless control

A clearly marked handset infinitely positions the headrest with the touch of a button.

## Raise and lower

Adjust the height up and down while remaining level.

## High tilt

Excellent raise height with up and down tilt adjustment.

## Low tilt

A practical low height with up and down tilt adjustment.

## Pillow Support option

Lightweight removable frame with cushions to help support a pillow during recovery

## Wrist Support option

Coated, 280mm wide, height adjustable and removable rest that also flips away to allow quick and easy access to the patient

## Specifications

**Overall Size:** 2200 x 815mm (965mm wide option).

**Patient Surface:** 2070 x 680mm (830mm wide option).

**Height Range:** 505mm-875mm.

**SWL:** 300kg.

**Castor Size:** 200mm castors and Ezi-Trak wheel steering.

**Package Includes:** 75mm Premia Mattress, Vertical Oxy Holder (Rail Mount), Standard IV Pole, Foot Endrail, Pillow/Shoulder Support, 2nd Handset at Foot End of Stretcher & USB Port for charging of patient devices.

## Product Codes

Contour E-Vertex Package: MPT-C-VE-E-P

Wrist Support: MPT-CA-EWS

Pillow Support: MPT-CA-EPS

Flat Headrest Cushion: E0311

# Contour Conceal

A purpose-built concealment stretcher for mortuary transport with superior functionality and customisable features.

## Key Benefits

**Careful concealment:** Fully customisable concealment stretcher with high quality, perfectly fitted vinyl cover in subtle grey or printed in one of three restful, full colour art designs.

**Effortless control:** Easy-drop flushfold sides and adjustable stretcher height ensures ease of transfer onto the Contour Conceal. Electric and hydraulic options available.

**Smooth and steady:** Robust, two-column design with 200mm castors and Ezi-Trak 5th wheel steering ensures stretcher stability and manoeuvrability in-transit

**Easy clean:** The Contour Conceal's smooth, one-piece platform and removeable, washable vinyl cover combine to make cleaning and hygiene control simple and effective.

## Application

Ideal for Emergency, Theatre, Intensive Care & Palliative.

## Why Buy?

The Contour Conceal has been sensitively designed to assist you to provide patients who have passed away with a safe, secure, and dignified passage from wards to mortuaries. Offering full concealment, with your choice of subtle grey or calming rainforest, mountain or lakeside theme covers, the platform stretcher ensures each transfer is carried out with the utmost of ease, efficiency and respect.

The twin column design is available as either an electric or hydraulic stretcher with a narrow or wide platform top. Both options are able to be adjusted to several height ranges and feature flushfold dropsides to facilitate the patient's smooth transfer onto the stretcher.

# Contour Conceal

# PATSlide - All Purpose

PATSlide (or transfer board) for safe transfer and manual handling of patients from one surface to another.

## Key Benefits

- | Safe and easy patient transfers
- | Reduces the risk of strain or injury to the carer
- | Handholes provide maximum grip
- | Slip resistant pads increase stability
- | Made from lightweight material
- | High impact tolerance

## Product Code

- CQPT-LB0310

## Why Buy

PATSlide (transfer) boards help in facilitating the sliding or transfer of a patient from one surface to another, these slides minimise the risk of strain & injury to either the patient or their carer. Made from radio-lucent material which is lightweight, highly impact tolerant and importantly static insulative. Handholes provide maximum grip for the carer and slip resistant pads increase stability during transfers.

This product is **not to be used** as a lifting device.

All Purpose PATSlide

# Trolley Mattress

High grade mattress with excellent durability and pressure relieving comfort for patient stretchers.

## Key Benefits

- | Thicknesses that aid egress and imaging
- | Protran mattress - single foam layer
- | Premia mattress - 3 effective foam layers
- | Premia Barituff mattress - 4 support layers
- | Welded 'double coated' stretch cover
- | Non-slip base design
- | Permanent care label
- | Fluid proof zip (excludes 75mm mattress)
- | MADE IN AUSTRALIA

## Product Codes

- 100mm Premia Mattress - MPT-CM-100-PRP
- 150mm Premia Barituff Mattress - MPT-CM-150-PRB
- 100mm Protran Mattress - MPT-CM-100-PTP
- 110mm Premia Barituff Mattress - MPT-CM-110-PRB
- 75mm Protran Mattress - MPT-CM-75-PTP

## Mattress Sizes

- Standard - 680 W x 1900mm L
- Narrow - 570mm W x 1900mm L
- Wide - 830mm W x 1900mm L
- Bariatric - 980mm W x 1900mm L

## Mattress Shapes

- Square Ends (electric stretcher)
- Truncated End (hydraulic stretcher)

## Why Buy

The Contour Premia mattress has been designed to optimize patient weight capacity and comfort by using a selection of quality foam layers to help in both preventing patients from bottoming and pressure reduction. The Contour Protran mattress is recommended for short stay patients with a single medium density foam section to facilitate special patient transfers or clear imaging.

Protran Mattress

# Premium Trolley Mattress

A high performance mattress with outstanding durability and patient support for demanding acute environments.

### Key Benefits

- | 5-layered high performance core
- | Dual interface and central immersion regions with firm base support
- | Integrated profile stabilizing sides and unique hinging system
- | Double coated, welded polyurethane cover with fluid proof zip
- | Superior 110mm mattress thickness
- | Non-slip base material with high friction grip
- | 5-year core foam and 4-year cover warranty
- | Custom sizing and labeling available
- | MADE IN AUSTRALIA

### Product Codes

- Square Ends (electric stretcher) - MPT-CM-110-PRPF
- Truncated End (hydraulic stretcher) - MPT-CM-110-PRF

### Mattress Sizes

- Standard - 680 W x 1900mm L
- Narrow - 570mm W x 1900mm L
- Wide - 830mm W x 1900mm L

### Why Buy

The **Premia Forte** pressure reducing, patient trolley support surface is our high spec version of the standard Contour Premia mattress. The specialised core structure provides best protection to patients at risk of injury without compromising support in crucial areas. A Premiflex cover provides ultimate patient comfort and protection. This mattress delivers an effective outcome - combining both high risk pressure care and longevity for demanding applications.

# Contour Orbit-Drive

Taking patient transport to a new level in carer welfare with zero effort, 4-way power drive.

## Key Benefits

- Forward, back and sideways powered drive
- Intuitive height adjustable controls with emergency stop
- Powerful electric drive centre steer wheel

## Product Code

- MPT-CA-EDU

## Why Buy

Take all the human effort out of pushing and jostling stretchers with an intuitive and intelligent drive system designed for easy use by any operator. Natural movement controls the speed and direction of the stretcher with the ability to stop very quickly by pulling back.

Help prevent the most common carer strain injuries by taking the back twist out of moving a stretcher forwards, backwards and sideways. Importantly, we haven't overlooked safety features such as emergency stop and system lock out, which are standard. Add this system to our traditional vertical column stretcher designs such as Contour Barituff, Classic, Deluxe and Multi-X to improve both standard and Bariatric patient transport.

Adjustable controls

Adaptable

Powerful drive

Sideways movement

# Dropside Options

There are a range of dropside options available to customise any trolley to suit your special requirements.

## Key Benefits

- Multi-riser dropside options for closer spacings
- Split fold option for safer patient access
- Horizontal rail designs for longitudinal support
- Flush folding option for mattress transfer or x-ray
- Mid position lock option for easier patient access

## Product Codes

- 16 riser dropsides - MPT-CA-16RD
- 7 riser dropsides - MPT-CA-7RD
- Split fold dropsides - MPT-CA-SDS
- Flush fold dropsides - MPT-CA-FFD
- Mid position lock - MPT-CA-CMP
- Deluxe dropsides - MPT-C-D

## Why Buy

We understand that there are different ways that patients must be transported and procedures performed. Safety comes first, which is why we've developed a selection of side rail options, to ensure you can have the right outcome for your department's requirements.

16 riser dropsides

7 riser dropsides

Split folding dropsides

Flush folding dropsides

Deluxe dropsides

# Trolley IV Poles

Include a standard removable or fold down IV Pole with your trolley.

## Key Benefits

- A strong and safe hook design
- Light and easy 'lift out' auto-lock hanger
- Non-rotational design to prevent tube tangling
- High strength locking for heavy loads
- Tough construction from stainless steel and nylon
- Easy 'pull-down' release from any angle
- Large 28mm diameter stand body for ease of pump mounting
- Friction retainer mount for effortless use
- Removable and permanent fold down options
- 705mm up to 1135mm total height
- 10kg weight capacity, 5kg per hook
- Only 1kg total weight

## Product Code

- Standard IV Pole - MPT-CA-IVP
- Folding IV Pole - MPT-CA-FIV

## Why Buy

Constructed tough and from stainless steel, these clever non-rotational IV poles are designed to withstand the harshest use and make daily life easier by helping to prevent the tangling of critical soft tubing and cords. Simply lift out the hanger to any height and it automatically locks into an infinite position. Press the button to release and lower. The standard removable IV fits into all four corners of a trolley top and stores underneath in the base if there is provision. The folding IV fits onto either end of the trolley top and can be installed to fold down either to the left or right.

Standard IV storage

Folding IV Pole

# Oxy Holders

A selection of stainless steel oxy bottle holders that can be mounted vertically or horizontally.

## Key Benefits

- Tough, powder coated stainless steel basket construction.
- Vertical basket size for up to 120mm diameter bottle; 320mm deep x 150mm wide.
- A range of vertical mount positions - low, high with swivel or 45 and 90 degree fixed angles.
- Horizontal basket size for up to 140mm diameter bottle; 600mm long x 180mm wide.
- Horizontal basket can vary in hanging height depending on stretcher models; typically 280mm.

## Product Code

- Vertical Rail Mount - MPT-CA-VO2
- Vertical Corner Mount - MPT-CA-VCO2
- Vertical Corner Upright Mount - MPT-CA-VCUO2
- Horizontal Oxy Holder - MPT-CA-HO2

## Why Buy

Due to so many wide and varied departmental requirements for specific oxy bottle sizes and positioning, we have developed a range of options. Larger bottles can be laid horizontally to ensure they are kept out of the way and smaller bottles are commonly mounted vertically. Some prefer 'fixed', non-moving positions and others require 'swinging' options that allow the bottles to be moved aside if they become an obstruction during transport. There is also the option to support bottles vertically either above or below the patient surface.

Vertical Corner Mount

Vertical Corner High Mount

Horizontal Oxy Holder

Horizontal Oxy Holder

# Dropdown Push Handles

Strong foldaway handles with rubber grip for pushing the trolley.

## Key Benefits

- Strong stainless steel construction
- Lift up and fold down
- Tough hygienic hand grips
- Tall head end handle option - 400mm high x 600mm wide (350mm between handles)
- Foot end handle option - 160mm high x 600mm wide (350mm between handles)

## Product Codes

- Tall head end handles; MPT-CA-TDPH
- Foot end handles; PT-CA-DPH

## Why Buy

To allow space for the many removable and common accessories used at the foot end of the trolley, the handles are shorter to fold completely away with no obstruction to the accessory mounting positions. There is an option for a tall version of these handles to be mounted at the head end of the trolley which provide high pushing points and ample clearance from the moving backrest.

Head end handles folded

Foot end handles

Foot end handles folded

# Trolley Document Holder

Strong powder coated wire basket that is hung or mounted for document storage..

## Key Benefits

- | Ultra-tough, powder coated, 5mm steel wire construction
- | External size; 390mm wide x 80mm deep x 230mm high
- | Internal size; 380mm wide x 60mm deep x 225mm high
- | Hang on the inside or outside of a trolley end rail
- | Wall and accessory mounting options

## Product Code

- MPT-CA-DCH

## Why Buy

Document holders can be used in a variety of ways for many different storage requirements. In the past we have mounted holders on either end or in special places around a trolley, off accessories such as the dropdown foot board and even on the walls around the trolley holding bays. We can customise sizes and designs and will work with you to ensure you can maximise department efficiency.

Removable holder

# End Rail

An end rail that can help to retain the mattress, patient or be used as a push handle.

## Key Benefits

- Strong, 25mm diameter stainless steel rail
- 600mm wide x 170mm high
- Fits into foot end or optional head end accessory sockets

## Product Codes

- End rail; MPT-CA-FER
- Head end accessory sockets; MPT-CA-ASH (pair)

## Why Buy

Simply drop this rail into the accessory sockets (optional accessory on the head end of a stretcher, excludes Contour Vertex) and use it as a higher strong point to move the stretcher. This rail has a variety of additional uses such as retaining a mattress or pillow from sliding off or a bar for a patient's feet to push against. These rails can be used on either end of the stretcher or both ends together.

Head end option

Both ends

# End Board

An end board that can help to retain the mattress, patient or be used as a higher pushing position.

## Key Benefits

- Strong, 25mm diameter powder coated steel rail
- Tough, hospital grade solid plastic infill
- 600mm wide x 345mm high
- Fits into foot end or optional head end accessory sockets

## Product Codes

- End board; MPT-CA-FRTI
- Head end accessory sockets; MPT-CA-ASH (pair)

## Why Buy

Simply drop this board into the accessory sockets (optional accessory on the head end of a stretcher, excludes Contour Vertex) and use it as a higher strong point to move the stretcher. This end board has a variety of additional uses such as retaining a mattress or pillow from sliding off or a flat surface for a patients feet to push against. These boards can be used on either end of the stretcher or both ends together.

Head end option

Both ends

# Dropdown Foot Board

Padded fold-down foot board to increase the length of the patient surface.

## Key Benefits

- High density foam covered in welded stretch material
- Tough board construction in a one-piece hospital grade plastic
- Stainless steel lift and lock folding hinge
- 530mm wide x 330mm high (250mm high cushion)
- Adds an extra 310mm to the length of a mattress

## Product Code

- MPT-CA-DDF

## Why Buy

Padded for patient comfort, the removable dropdown foot board has molded handles for pushing the trolley and with a simple 'lift and lay' action, folds down to quickly increase the length of the mattress area.

Fold down

# Folding Monitor Board

A strong frame with push handles and folding board with two tie straps for retaining a monitor.

## Key Benefits

- Powder coated steel frame
- Cross bars for patient feet protection
- One-piece hospital grade plastic board
- 2 x 25mm wide adjustable tie straps
- 450mm wide x 400mm deep tray surface
- 600 wide x 470mm high from mattress base
- 15kg weight capacity

## Product Code

- MPT-CA-FMB

## Why Buy

Add this removable monitor board accessory to the foot end of a trolley to provide a solid push handle and fold-away board for securely mounting a monitor. The board hangs vertically out of the way and can be easily rotated outward and over to a stable, internal, horizontal rest position.

Fold over to a table

Writing surface option

Writing surface extended

# Folding Monitor Foot Board

A strong frame with both a folding foot board and monitor tray with a tie strap for retaining a monitor.

## Key Benefits

- Powder coated steel frame
- One-piece hospital grade plastic board construction
- 600 wide x 410 deep x 540mm high overall size
- 520mm wide x 380mm deep monitor tray
- Monitor tray is 540mm high from mattress base
- 15kg weight capacity
- 50mm wide adjustable tie strap for monitors
- 500 wide x 250mm high foot board
- Adds 320mm to the length of the mattress

## Product Code

- MPT-CA-FMFB

## Why Buy

Add this removable monitor board accessory to the foot end of a trolley to provide a solid push handle and fold-away board for securely mounting a monitor. The board hangs vertically out of the way and can be easily rotated outward and over to a stable, internal, horizontal rest position. Padded for patient comfort, the dropdown foot board folds with a simple 'lift and lay' action to quickly increase the length of the mattress.

Fold over to a table

Fold down foot board

Writing surface option

Writing surface extended

# Trolley Weigh Scales

Add a weigh scale system to Contour trolleys for ease of patient measuring and tracking.

## Key Benefits

- 200g accuracy
- Auto off with weight memory function
- Freeze weight to allow for additional accessories
- Excludes Contour Portare trolley models

## Product Code

- MPT-CA-WS

## Why Buy

Simply press the power button, allow to settle and zero the read out. Add the patient for an instant read at 200g accuracy. This system is designed to allow you to record the patients weight and then add or remove accessories as desired. There is no risk of power drain with the auto off and yet patient weight usefully retained for reference.

Easy to use

# Trolley Colour Options

A selection of colours to customise your Model trolleys for unique identification.

## Key Benefits

- Tough extruded covers for a comfortable hand grip and bump protection.
- Used on chair dropside hand rails.
- Easy to replace for colour change or wear and tear.

## Product Code

- Midnight Blue - MPT-CC-MB
- Flame Red - MPT-CC-FR
- Deep Violet (Purple) - MPT-CC-DV

## Why Buy

Customise your trolley end rail and dropside colours to suit your facility requirements. Our colour trims have been used in many ways such as departmental zoning between emergency, theatre and outpatients, highlighting special units such as wide top, x-ray, procedure, Bariatric or simply brightening up a children's ward.

Midnight Blue

Flame Red

Deep Violet (Purple)

# Dropside Padding

Provide extra protection for recovering patients with a selection of padded bumper systems for trolley dropside.

## Key Benefits

- Stiff board backed bumper system
- Lift and roll feature allowing use without removal
- Quick install pocket system
- 25mm high density padding
- Welded cover materials for easy cleaning
- Sizes to fit any dropside style

## Product Codes

- Padded Bumpers (pair); MPT-CA-PDB-P
- Padded Pockets (pair); MPT-CA-PDB-D

## Why Buy

A recovering or restless patient can cause themselves serious harm on the metal risers and rails of standard dropside. We have developed some ways for the carer to quickly and easily increase the level of protection and provide a soft, padded surface for patient's limbs. Our board system can be flipped to the outside of the stretcher allowing the dropside to be raised and lowered without having to remove the bumpers from the trolley. Pockets can slide on over the dropside which are quick to use, however must be removed to lower the sides.
