Wire Bin Sizes

5 standard bin sizes available individually or in cartons of 10

Key Benefits

- | Five (5) standardised sizes options
- | Extra Small to Extra Large
- | Range of weight storage capacity
- | Rounded and seamless edges
- | Extra support bars built in
- | Easy layout and customisable
- | Conform to Australian Standards
- | Ideal for infection / dust control
- | Two (2) year corrosion warranty

Why Buy?

We protect your staff from sharp edges. Our extra side support bars make a difference. The standardised bin sizes take away complexity.

Make clean storage simple with our 5 x Selcare wire bin sizes which are designed to work with traditional plastic storage buckets and mounting systems. The horizontal bars retain small items and a double safety edge assures no abrasion. Need even more space? Stack wire bins in seconds with the stable clip-on stacking frames.

Wire Bin Dividers

Choose from three (3) bin divider size options

Key Benefits

- | Safe, rounded edges
- | Easy and quick clip fastening
- | Chrome plated, easy to clean
- | To fit medium to extra-large bins
- | Conform to Australian Standards
- | Ideal for infection / dust control

Why Buy?

Simply clip these wire panel dividers into their matching bin size, to divide the wire bin into your choice of narrower compartments. This can help to manage long, thin items, keep products of the same type together or allow a greater amount of stock to be stored into a more compact space.
